A shift in thinking...

There are some things we need to understand:

- Understand the **thinking shift** for how we view **individuals with Disabilities**
- Understand the **role that a context** plays in **teaching** and in barriers that **limit individuals**
- Understand that the **less** a context is **limiting**, the **less support** an individual needs

Team time: Make a plan!

- How does today's session connect with your wonderings
- What is something that is useful from today that you could try?
- What supports will you need to make this happen?

For Next Session

1. Try something new
 - Class review
 - Staff review
 - Who am I? Profile
 - Share your learning with another person
 - Reflect on some big goals for your class
 - Find a planning partner
2. Bring some evidence of what you tried!
 - Student sample
 - Planning template
 - Photo of a meeting
3. You will have a chance to share at the beginning of next session
 - What did we try?
 - What did we notice?
 - What is our next step?
